How To Care For Your SXO™

With regular care and maintenance, your SXO™ will provide many years of superior performance and satisfaction. To maintain the quality of your Nightingale product, please follow the cleaning procedures outlined here.

Mechanism

Once a year lubricate using WD40 or similar product. (Spray with plastic straw attached to sprayer) **NOTE:** To prevent dripping, avoid over lubrication which may cause damage to surrounding surfaces.

ABLEX™ Mesh

Clean with mild detergent and water applied with a clean damp cloth or sponge. Rinse with a damp (water) cloth and let dry. Never use hot water and avoid scrubbing. Use gentle movements.

Plastic parts

To clean spray with a mild detergent and wipe off using a damp (water) cloth. Do not use abrasives or excessive amounts of cleaner.

Frame

Powder coat frames can be cleaned by wiping with a damp cloth and any mild detergent.

* The instruction for the care and maintenance of Nightingale Products are provided to you as a service. No warranty is implied since results may vary.
