Features

- Ideal for informal, flexible spaces such as meeting rooms, offices, reception areas, food facilities, and lecture halls.
- The molded seat and back offer exceptional durability and ease of cleaning. The seat and back are made from 100% recycled plastic, and the perforated back helps keep the user cool while seated.
- The seat can be plastic or upholstered.
- Lightweight, well-built, and easy to move. Stacks six high.
- California Fire Code #117. Meets or exceeds ANSI/BIFMA standards.
