Features

- A supportive dual-hexagonal torsion-bar system with preset tension allows a unique reclining motion of the back, delivering exceptional ergonomic support and comfort.
- The perforated nylon back enhances airflow and helps keep the user cool and comfortable. The back can be nylon, mesh, or upholstered.
- The chair can nest or stack three high.
- Energy-absorbing dual ENERSORB™ seat foam conforms to the body and disperses weight ergonomically to improve blood circulation and help relieve pressure points.
- Standard in graphite with 2” carpet casters.
- ANSI/BIFMA approved and TB117-2013 compliant.
