Ti & HD Arm

Press & hold button to adjust height of arm rest as desired, release to lock in place.
Using & Adjusting Your CXO™

**Pneumatic Height Adjustment**
To lower, tilt the lever up while seated. To raise, tilt the same lever up with no weight on seat.

**Seat Slider**
Lift middle-lever up to unlock, move seat to desired position while seated and release to lock.

**Multi-Position Tilt Lock**
To lock in position, turn left-lever up. To unlock, turn lever down. Gently lean into back to activate the positive back lock release.

**Tension Knob**
Turn front-knob clockwise to increase tension, turn the same knob counter-clockwise to decrease tension.

**Arm Height & Width Adjustment**
To raise or lower arm height, lift trigger and slide into desired position. To adjust the width, pull out to widen; push in to contract width.

**Pivot & Arm Pad Adjustment**
To pivot, press/hold front-button to adjust angle, and release to lock. To adjust slider, press/hold back-button and slide to desired front/back position, and release to lock.

**Rachet Height Adjustable Headest**
Simply lift or lower headrest to desired position—locks automatically. Headrest can be tilted to desired angle.

**Original Style Headrest (Optional)**
Simply lift headrest to desired position—locks automatically. To unlock, lift to top position and slide down.

**Lumbar Adjustment**
To adjust depth of lumbar, push in to increase. To release, press and hold the top reset button and gently pull away from chair. To raise lumbar position, lift lumbar to desired height and release. To reset height, lift to top.
Care Instructions
With regular care and maintenance, your CXO™ will provide many years of superior performance and satisfaction. To maintain the quality of your Nightingale chair, please follow the cleaning instructions outlined here.

Mechanism
Once a year, lubricate using light sewing machine oil or similar product. (Spray with plastic straw attached to sprayer). NOTE: To prevent dripping, avoid over lubrication which may cause damage to surrounding surfaces.

ABLEX™ Mesh
Clean with mild detergent and water applied with a clean damp cloth or sponge. Rinse with a damp (water) cloth and let dry. Never use hot water and avoid scrubbing. Use gentle movements.

Plastic Parts
To clean, spray with a mild detergent and wipe off using a damp (water) cloth. Do not use abrasives or excessive amounts of cleaner.

Frame
Powder coat frames can be cleaned by wiping with a damp cloth and any mild detergent.

*The instruction for the care and maintenance of Nightingale Products are provided to you as a service. No warranty is implied since results may vary.
